Gustin's Diamond D Gelbvieh
Golden Rule Consignments
Kist Livestock
January 29, 2018

In 2017 our herd ranked 2nd in the nation for breeding elite Gelbvieh females recognized as Dams of Merit and Dams of Distinction. These Golden Rule consignments sell at Kist Livestock on January 29 and will excel in your pastures. They are backed by 35 years of breeding Gelbvieh and Balancer cattle.

DDGR Passion 13D:

The Right Answer sire left us with some very nice daughters. This female is a feminine, clean fronted female and has EPD's that will allow unlimited breeding options. She is due on March 8 to have a Balancer heifer calf by our DDGR American Sniper 44B sire that has done a super job for us.

DDGR Sassy Frass 41D:

The SAV Resource females need no introduction, as they are consistently deep bodied, eye appealing, and have the brood cow look. This sweet female is bred to our CKS C11 purebred sire and is due with a bull calf on March 21.

DDGR Sheeza Dream 181D:

Chris picked several purebred daughters of our THUL B401 sire and this one is a favorite. Clean fronted, deep sided, and with excellent performance, she should have a great future. She is due with a heifer calf by the Musgrave Aviator sire on March 8.

DDGR Reba 185D:

The KKC Nobility sire has left us with a very productive set of females. With her look, excellent performance, and very strong EPD profile, she is a hard one to part with. She is due March 8 with a bull calf by the FMH 510C purebred sire.

DDGR Obsession 285D:

This heifer is an extremely flashy, moderate framed female with plenty of eye appeal. She is going to make a great cow with her look and EPD profile. Her mother has been a top producing cow in our herd and we love our Ten Plus daughters. She's due March 8th with a purebred heifer calf sired by Flying H Grand Slam 128D ET, one of the top 3 bulls in the 2017 Bull Futurity.
